Getting Arkansas's Tax Code Into Shape!

IT'S AN EASY LIFT FOR THE WEALTHY

All of us pay taxes. It's how we provide for the common good and invest in our shared prosperity. But low- and middle-income Arkansans pay **TWICE AS MUCH** of their income in state and local taxes as the super-rich.

ARKANSAS LOSES

THE GAME IS RIGGED

Lawmakers can change the tax system; it's just hard to do. Changes that benefit working families often take a three-fourths vote (75-25 in the Arkansas House of Representatives). So even if we get a majority, we still can't win!

WORKING TOGETHER AND PLAYING FAIR MAKES ARKANSAS HEALTHY AND STRONG!

A balanced tax system ensures our shared prosperity. It's how we pay for things like health care, education, and good roads that pump up our economy. We can build a better future for Arkansas by leveling the playing field and ensuring that all kids have access to the supports and opportunities they need to compete and strengthen our economy.
